

## THE LEADING INT'L EXHIBITION ON AGRICULTURAL CHEMICALS, PESTICIDES, CROP NUTRITION INGREDIENTS & PRODUCTS IN BANGLADESH

### SCHEDULE

Date	:	25 – 27 May 2023
Opening Hours	:	10:30 AM to 8:00 PM
Frequency	:	Annual
Open to	:	Business / Trade Visitors, Professionals
Website	:	<a href="http://www.bd.cems-agrochem.com">www.bd.cems-agrochem.com</a>
Venue	:	International Convention City, Bashundhara. Dhaka – Bangladesh
Concurrent Exhibitions	:	6th Food Bangladesh Intl Expo 2023 6th Poultry & Livestock Bangladesh Intl Expo 2023 6th Agro Bangladesh Intl Expo 2023

### EVENT PROFILE

‘CEMS-Global’ brings to you ‘6th AGRO CHEM BANGLADESH INTERNATIONAL EXPO - 2023’ scheduled to be held from 25 – 27 May 2023, which will be a glittering showcase for the Agricultural Chemical-based products and service industry. It will reveal to the country, the rapid developments in the industry as well as new technology components. The neat layouts of the show provide many opportunities to the consumers of the industry to see the latest offerings in the market as well as to the business visitor to carry out networking in a highly enabled environment. The Agricultural Chemical-based products and service industry is therefore not only a networking ground but also a place to find business partners and strategic alliances for manufacturing, outsourcing, sub-contracting, design, and development as well as direct marketing. Chemical fertilizers and pesticides have gotten acute importance in Bangladesh agriculture. Bangladesh started agrochemical use mainly in the 1960s as food security for a vast number of populations. The agriculture sector aims at facilitating an innovative and modern agricultural system, which renders increased production capacity through the invention of new technology and the creation of greater opportunity for agricultural research. Chemical fertilizers play a great role in

agricultural growth but a greater level of awareness is required to refrain from using harmful chemical matter for maintaining a healthy ecological balance. To ensure food security through the development of agriculture in Bangladesh, the invention, adoption, and dissemination of 'new technology' must be ensured to increase the production of diversified crops. '6th AGRO CHEM BANGLADESH INTERNATIONAL EXPO-2023' will be a perfect platform for Manufacturers & Suppliers to showcase their agricultural chemical products/ services Sector and the Expo will assemble agents, distributors, importers, trading companies, wholesalers, retailers, business representatives, of course, the consumers and other bulk purchasers from a global scale.

### WHY BANGLADESH? WHY NOW?

Bangladesh has six urea fertiliser factories with annual production capacity of 1.8 million tonnes. Demand for fertilizer is booming to produce more agricultural products in Bangladesh, driven by the country's high economic growth rate, which reached a record 7% in fiscal 2017. MHI's first fertilizer production plant in Bangladesh was built in 1992, and continues to maintain a high operating rate. Along with the ability to meet demands of a rapidly growing economy, MHI specifically received this contract in recognition of its own CO<sub>2</sub> recovery technologies that both reduce the environmental load and enhance urea production. The new urea plant will ensure wider food safety and save foreign currency from being spent on imports of the soil nutrient, and create jobs. The new industrial policy has been developed in line with the government vision of becoming a middle income country by 2021. In addition the new policy will focus on increasing the industry's contribution to the GDP to 40 percent from existing 28 percent. Considering the staggering figures and facts CEMS-Global had to make the decision of organizing this event again for the 5<sup>th</sup> time this Year with the aim of bring everyone together so we can all help this industry with investments.

### PROFILE OF EXHIBITS

Agriculture Chemicals: Chemical Pesticides & Intermediates  
Ecological Pesticides, Bio pesticides, Agriculture Chemical  
Production & Processing Technologies.

Agricultural Fertilizer: Nitrogen Fertilizer, Potash Fertilizer,  
Phosphate Fertilizer, Biological Fertilizer, Compound  
Fertilizer, New Specialized Fertilizers (Seaweed Fertilizers,  
Biological Fertilizers, Foliage Fertilizers, Slow Release  
Fertilizers, Trace Element Fertilizers, Humic Acid Fertilizers)

Chemical Pesticides: Products of insecticide, Herbicide,  
Fungicide, Intermediates, Ecological Chemical Pesticides, Biological Pesticide, Pesticide Production,  
Pesticide Processing Technology.

Crop Protection & Biotechnology: Plant Growth Regulators, Transgenic Products, Soil Additives,  
Nutritional Agents, Turf.

Agrochemical Machinery: Equipment for Agrochemical Products, Spraying Machine, Agricultural  
Plastic, Farming Machine, Horticultural Grass Mown, Sprinkler Machine, Irrigating Equipment and the  
relative packaging.

Agricultural Plastic: Shed Film, Farmland Film, Shading Net, Anti-insect Net, Modern Agricultural  
Covering Stuff, Seed Nursery Container, Plastic Water Saving Irrigating Equipment.

## PROFILE OF VISITORS

'6th AGRO CHEM BANGLADESH INTERNATIONAL EXPO 2023' will be a perfect platform for Decision Makers, CEO, MD, GM, Managers, Agro Technologist, Scientist, Engineers, Owners from the below industries, Agriculture Department | Agro Producers | Agrochemical Wholesalers & Retailers | Chemical Product | Exporters & Importers | Consultants | Engineers and Technicians | Entrepreneurs | Farm Contractors | Farmers | Agriculturists | Agronomists | Government Representatives | Investors and Bankers | Mass Agrochemical Product & Technology Users | Technology Applied Organizations | Related Enterprises & Organizations | Transport & Logistic Experts | Universities and Research Institutions | Veterinary Practitioners.

## ABOUT CEMS-GLOBAL (ORGANIZER):

CEMS-Global USA, based in New York, is a professional Multinational Exhibition & Convention Organizer, having its operations across 4 continents. Established in 1992, CEMS-Global, in this span of 30 years has been committed to organizing Professional B2B Trade Shows for important Business sectors of the trade and economy.

In this span of almost 3 decades, CEMS-Global has partnered with several Business Associations, Chamber of Commerce's, Export Promotion Councils, International Trade Promotion organizations, Governments. Our successful 40 Trade shows per annum in highly potential and developing countries of the world across 4 continents have benefited hundreds of thousands of Manufacturers, Several Industry sectors and boosted International Trade & Development in many countries.

With our 40 Trade Shows on important business sectors and commendable presence globally across 4 continents, we transform our Events into successful Trade Shows with focus on our knowledge, skill, finesse and creativity. We bring all these attributes together to reinvent events....to transform the ordinary into extraordinary and producing successful Trade Shows in important and potential markets around the world. As a company with Global presence and a wide-ranging proven track record, CEMS-Global USA also provides High-Value Management & Strategy Consultancy Services and lays its knowledge, its vast global experience at the disposal of the Client and assists Trade/ Business Associations and Enterprises improve work strategies, improve efficiency & performance or entering new markets, with our proven system to reach the goal. Great people make great partnerships! CEMS-Global's dedicated team stands with you in making a right decision for your participation in a Trade Show or enhance your Businesses in the next important market for you that will yield exceptional results. With over 750 Trade Shows, 54,577+ Exhibitors, 1.65+ Million Attendees in our portfolio; we are devoted to take you where markets are....
